MARCH 20, 2014
SSPPS, SDCPhA AND SDSHP CO-SPONSORED CE EVENT

RX DRUG ABUSE: WHAT CAN WE DO?

Nathan Painter’s objectives:
1. Identify prescription drug abuse issues in pharmacy
2. Understand pharmacists role regarding controlled substance dispensing
3. Utilize prevention strategies to minimize the potential of abuse

Thomas Lenox’s objectives:
1. Understand the role of DEA and its responsibilities with relation to the Pharmacy community
2. Understand California’s Controlled Substance Utilization Review and Evaluation System, C.U.R.E.S, Functions and how physicians, pharmacists and law enforcement can use it to detect abuse
3. Understand the trends with prescription fraud and how it impacts those who dispense
