

Educational Experience At-A-Glance

		Summer	Fall	Winter	Spring					
First Year	Orientation	Scientific Discovery Project								
		Introductory Pharmacy Practice Experiences (IPPE)								
		Leadership, Innovation/Entrepreneurship, Professionalism, Self-Awareness								
		Pharmacy Practice		Pharmacy Practice	Pharmacy Practice					
		Study Design & Biostatistics, Law & Ethics, Pharmaceutical Chemistry		Health Policy, Study Design & Biostatistics, Pharmaceutics, Pharmaceutical Chemistry	Anatomy, Informatics, Pharmaceutics					
		Electives	Electives	Electives						
Second Year	Optional Exploratory Pursuits	Scientific Discovery Project								
		Introductory Pharmacy Practice Experiences (IPPE)								
		Leadership, Innovation/Entrepreneurship, Professionalism, Self-Awareness								
		Foundations of Medicine	Cardio.	Pulm.	GI & Nutr	Renal, Team-Based Learning	Laboratory Medicine, Pharmacology & Physiology	Endo., Metab. & Repro.	Immunology & Hematology	Microbiology
		Team-Based Learning				Team-Based Learning		Team-Based Learning		
Pharmacology & Physiology				Pharmacology & Physiology		Pharmacology & Physiology				
		Electives		Electives		Electives				
Third Year	Optional Exploratory Pursuits (Summer Research Program, Fellowships, Internships, Career Exploration)	Scientific Discovery Project								
		Introductory Pharmacy Practice Experiences (IPPE)								
		Leadership, Innovation/Entrepreneurship, Professionalism, Self-Awareness								
		Therapeutics, Human Disease, Advanced Professional Practice		Therapeutics, Contemporary Topics in Pharmacology	Therapeutics, Contemporary Topics in Pharmacology, Advanced Professional Practice					
		Pharmacogenomics			Pharmacoeconomics					
		Electives	Electives	Electives						
Fourth Year	APPE	Scientific Discovery Project								
		Dissemination Co-curriculum								

Students complete 2 Elective and 5 Core APPE rotations. Core APPE include Community, Health Systems, Acute Care, Ambulatory Care, and either Acute or Ambulatory Care.
